THE RIGHT TO SURVEY GRANTED

Yankee Con, Opened on the Ex- The Gemini Company Allows the Mr. McCune Talks in Butte of the Ridge & Valley to Make Surveys.

Mine Said to be Looking Well-Lower Mammoth Strike Holds Out-Ore from the Star Con. Sold.

The Gemini Mining company has by tipulation granted the Ridge and Valley Mining company the privilege of surveying the workings of its mine, where they are believed to have been extended into the latter company's territory. It was expected that F. M. Lyman Jr. would go to Eureka tonight and start immediately on the survey. ch it is believed will go far towards ng the present controversy. the largest stockholders in the emini, and there is every probab verted, and that if a trespass has been ade the damages will be amicably settled upon by the two companies.

RETURNS FROM MAY DAY.

Messrs. Muhlenbruch and Larsen

Report the Mine to be Improving. After spending several days at the nine, Director James Larsen and Sec-etary F. W. Muhlenbruck of the May Day reached town last evening. Mr. arsen said today that the mine looks etter than ever. The south drift, which being run towards the Yankee Con., nows some good ore. The best showing n the mine is at present in that drift, where a 3 or 4-foot body of ore exists. The ore is not clean, but the values are aid to run very well. There are no big ies of ore in sight, but in a number places some very nice bodies of ore a found, two cars of which reached wn today. Some talk was heard tofrom a prominent citizen regarding company's indebtedness, which has ne public interest. A well known countant has just examined the commy's books and found the total in-btedness to be about \$14,000. But this is largely due to the work of sinking the shaft and other extensive developent work that has been done in the past two months.

STRIKE LOOKS WELL. So Said Superintendent Ball of the

Lower Mammoth Today. Superintendent Ball of the Lower Mammeth telephoned to headquarters today that the new strike is looking better. It has been drifted on for some or 8 feet on the hanging wall and the ore body continues to show a width of several feet. The latest assays do not

give the high values, however, that were obtained when the ore was first uncovered. The present values are said to be about 15 per cent copper. It was stated today that the superintendent be instructed to cross-cut to the foot wall of the vein which is quite large. This will prove up the width of the ore body of which little is

as yet known. Meantime the shaft is being pushed to the 800-level, where it is hoped that an encouraging showing will soon be made.

WORK AT THE GLEN ERIE. Milan Packard Sells a Car of High Grade Ore from this Mine.

Milan Packard of the Star Con, was in town today for the purpose of selling a car of high grade copper ore from the Glen Erie mine at Marysvale, which he owns. It was expected that the controls would show about 30 per cent copper, 18 in gold and 25 ounces silver per ton. The ore was taken from a tunnel which is been driven on the vein a distance ins over driven or the state of the tunnel a sor 6 inch streak of high grade ore is found in a vein some 4 feet wide. The found in a vein some 4 feet wide. The property lies near the Webster mine.

STAR CON. ORE.

Mr. Packard Sells a Car Carrying 11/4 Ounces to the Ton. car of ore from the Star Sonosli-

ated of Tintic was sold yesterday on old per ton. Speaking of the mine to cell that he is purchasing the stock at resent prices. The leasers are now and Mr. Parckard proposes to evelop it in his own way being fully ssured that the mine is all right. If Mr. Parkard's opinion of the Star Concollidated is correct those who are now etting go their stock will regret it be-

WILL EXPORT UTAH ONYX. Chicago and Montana Men Are at

the Back of the New Company. H. L. Frank of Butte is quoted by the erald as saying that a comtheteha Heraid as saying that a com-pany is to be incorporated under the laws of Montana to: the purpose of de-yeloping a valuable only deposit near Salt Lake City. As early as next spring Frank's company will, it is said, be mining days on an extensive scale e company's property is located 40 es from Salt Lake City and three es from the lake itself. The comproposes to build a tramway from

"The Utah onyx is comparatively unknown," said Mr. Frank, "and doubtless our company will have some difficulty in introducing it. The onyx has been used somewhat extensively in Sait Lake City, but to no great extent in other places. All our stone will be subjected to Chicago whose required. less our company will have some diffi-culty in introducing it. The onyx has been used somewhat extensively in Salt Lake City, but to no great extent in other places. All our stone will be shipped to Chicago, where we will have

plant for polishing and ig it. Mr. Flavin, who is e enterprise, is a member Sherman & Flavin, of Ci the greatest marble mar ns in the world, Mr. Fort and he is satisfied the onyx is all right. We know plenty of it, and we propose popular if we can."

A RICH GOLD MINE.

The Butte correspondent ane Review says: A. W.

Sait Lake mining operator Butte this week from a vis-tion to the Watseka gold mi-he owns the largest interes of Montana. The W the pioneer mines of More been worked thirty-five epth the flow of water was mine on the surface Although mining ex with with sufficien work the mine could be ind hase until Mr. McCune ar lates took hold of it. Who perations the flow of gallons per minute, and i with pumps installed which are shipping a ton of ore pruns \$2,500, and they are the 200-foot level. increase his force. He s that he is confident that he reaches the 400-foot lev have \$3,000,000 worth of ore There is in addition a sin haustible supply of low-grade ore, for which a thirty-five ton mill has been

Salt Lake Man's Success. On several occasions during the pas summer mention was made in the cumns of the Denver Post, of the G diner process for extracting copper fro classes of ores. method was very crude, but some exce lent results were produced. In the meantime a complete plant has been established at Platte river and Eighth avenue, where during the past wee more important tests have been made One lot of nineteen tons from the Whit Eagle copper mine in Burnet county Texas, was treated, and the secretary of the company writes that the resul were satisfactory. "In fact the wor was so thorough that there was no cop per value whatever left in the tailings, and the precipitates show by actual test a saving of 98 per cent pure copper.

Provo. Oct. 18 .- Alma Winn and

Location Notices Filed,

David Hamlet have filed notice of loca tion of the following mining claims sit uated in the Eldorado mining distric in the southern part of Utah county; Daisy Dandy and Yellow Jacket. No-tice of consolidation of the Cliff group of mining claims situated in the same district, has also been filed by Messrs. Winn and Hamlet.

TREND OF PRICES IS DOWN

Very Large Blocks of Union Pacific Were Thrown on the Market.

Stocks that Led in the Recent Upward Movement Were Conspicuous in the Selling Today.

New York, Oct. 18.—Some large blocks f various railroad stocks were mareted in the opening dealings at an exense of values ranging up to %. The lower level of prices did not attract any effective buying, and the selling was resumed after a brief respite. Very large blocks of Union Pacific were thrown on the market, and other stocks which have led the recent upward movement were conspicuous in the selling, notably Pennsylvania, Baltimore & Ohio, Louisville and Southern Pacific. There was free selling of sugar at a loss of a point. American Smelt-ing preferred gained 2. The selling movement was checked again before 11 O'clock. Canada Southern rose 2½, and People's gas rallied a point. The re-sponse elsewhere was feeble. An ef-fort was made to check the downward trend of prices by a concerted advance in the iron and steel stocks, which were bid up by rapid steps from ½ to 2¼. The response elsewhere was moderate and fell away when the steel group failed to hold. A counter-demonstration was made in People's gas and sugar, the former dropping to 92%. The one of the speculation became much unsettled with these conflicting influ-ences and some prices fell back to the lowest. International paper slumped

Bonds were inactive and without Sugar and New York Central develed conspicuous strength in the final our, the former rising 2 and the latter from the lowest. The market rallied nerally, but in only a few stocks did prices get above last night's level. There were some recessions but the closing was firm but dull at the rally.

ST. LOUIS WOOL MARKET. St. Louis, Oct. 18 .- Wool quiet and

BOSTON WOOL MARKET. Boston, Oct. 17.—The American Woo and Cotton Reporter will say tomorrow The wool market has been more active the sales of the week aggregating 3.314. 300 pounds. Most of the purchasing has been done by the mills of moderate size Some of the large consumers have been around and have made some offers, but these were in most instances below the ideas of holders and the result is that

"The influence of the political campaign is still being felt in the woo market, and the large consumers as whole have evidently made up thei minds to wait until after the election before laying in large lines. Here an there may be noted an indication of speculative tendency in anticipation orders for goods after the election, but this cuts but little figure in the marke as yet. In the West holders still remain firm and attempt which have been made by representatives of the Eastern trade

"The sales of the week in Boston amounted to 3,204,300 pounds domestic and 110,000 pounds foreign, making a total of 3,314,400, against a total of 2,881,.000 for the previous week and a total of 8,020,000 for the corresponding week last year. The sales since January 1st amount to 104,501,800 pounds, against 238,974,100 pounds forthe corresponding

LONDON WOOL AUCTION. London, Oct. 17 .- At the wool auction sales today there was a good attend-ance and business was active. The number of bales offered was 11,788 Crossbreds were in smaller supply and were well competed for by the home trade and the continent: American rep resentatives paying full prices. Cape of Good Hope and Natals were in good supply and in steady demand, most of the stock offered being sold. Some snowwhites were withdrawn, owing to their not meeting with sellers' view. New clip New Zealand wools sold we and coarse grades were firm.

Protective Policy

OF THE

O'S PICTORIA

Is a universally recognized fact. Patrons of the "Great Overland Route" are assured that every device of human skill has been adopted to protect them against accident. Millions of dollars have been spent by the Union Pacific Railroad company in the improvement of track and equipment. The line is renowned for its unparalleled speed record, reliability for maintaining time schedule, and for the general superiority of its service.

eneral superiority of its service. All tickets good via Denver without

General Agent, Salt Lake City, Utah.

All tickets good extra charge.

Detailed information relative to railroad and steamship transportation cheerfully furnished on application to F. G. GHOATE.
